

How Majestic Is Your Name!

Scope & Sequence

How Majestic Is Your Name is a study for children on the names and character of God. It uses the names of God as a framework for learning about the attributes of God. The study begins by showing the character and work of God through His Hebrew names, and then Jesus is shown as fully God and a further revelation of the character of God. The study was designed with the thought that in order for faith to grow, children must first see the greatness of God and their own unworthiness. As the sense of their condition before God grows, so does the possibility of response to such a great God.
