

Things Hidden

Scope & Sequence

Things Hidden is an evangelistic study for children on kingdom parables. The goals of *Things Hidden* are to 1) help children think spiritually; 2) give them an “other-kingdom” focus; and 3) awaken spiritual interest and feed spiritual hunger by exposing children to the truth. Beyond the words of the parables are deep spiritual truths which are hidden unless one has been given spiritual eyes and ears to see and hear them. Through this study we pray that God will open the eyes, ears, and hearts of children so that spiritual truth may be revealed to them.
