

**Children Desiring God
2007 Conference
April 26-28, 2007**

**Leading Children in Worship
Pam Grano**

This seminar will cover the practical aspects of planning and leading worship with children including structuring worship times, selecting songs, using instruments and movement, and encouraging leadership in children

Philosophy of Worship

1. Why do we worship God?

- Because scripture says that God is worthy of our worship
Psalm 18:3 Psalm 33:1 Philippians 2:9-11
- Because we were created to worship

2. How do we worship God?

- In spirit and truth, with both head and heart
John 4:23-24 Psalm 95

3. How is worshipping with children different than with adults?

- Children differ in their ability to understand God, themselves and their relationship to Him
- Children differ in their ability to understand language, ideas and how we talk about God
- Leaders must lead in ways that are developmentally age appropriate
- Leaders must take into account children who are not yet believers
- Leaders bear the responsibility of nurturing faith and modeling worship themselves

Practical Aspects of Planning and Leading

4. How do I plan a worship time for children?

- Pray for the guidance and help of the Holy Spirit
- Know what you want to focus on or teach
- Know what the songs are expressing

5. What kind of songs should be considered?

- Favorite Sunday school songs of SUBSTANCE
- New, fresh, worship songs written specifically for children
- Songs from your all-church gatherings
- Traditional hymns
- Scripture songs
- Songs from other cultures or in other languages

6. What else should be incorporated into the worship time?

- Scripture
- Prayer

7. How do I organize songs, scripture and prayer into a meaningful worship time?

- Pray
- Carefully read the lesson and scriptures
- Discover key themes and truths about God
- Write down songs that come to mind
- Review anything new from the previous week
- Review or introduce a hymn
- Try using a format for planning worship. For example:

Call to Worship

- Calls us to worship, seek after, think about, and draw near to God

Praise and Adoration

- Directed to God or about His character
- Expressions of love, trust, praise and thanksgiving
- Focuses on attributes of God from the lesson

Teaching

- Teach a new song, explain words, ask questions and get responses, teach hand motions

Response

- Songs of commitment, blessing, witness and prayer

Direct songs speak directly *to* God and use the word *You*.

Indirect songs speak *about* God and use the word *He*

8. Developmental and Musical Considerations:

Rote Learning

- Through 1st grade.

Reading

- Starting in 2nd grade
- When words will be an aid to teaching and not a hindrance
- Learning to read from a hymnal

Signing and Hand Motions

- Sometimes singing is just not enough!
- Focuses attention to words and their meaning
- Respect for the language: American Sign Language

Full Body Movement

- Preschoolers through about 2nd grade – always include movement
- 3rd and 4th graders - now and then
- Glorifying God in their bodies

Rhythm Instruments

- Use as an opportunity to teach about praising God with instruments (Psalm 150)
- Adds a sense of celebration and joy in worship
- Preschool through 2nd grade – if possible have enough instruments for all children
- 3rd through 6th Grade - a few instruments and use them most weeks
- Have a signal for “stop playing”

Student Instrumentalists

- Find out who they are and what songs they know
- Encourages young musicians to play for the glory of God

Accompaniment Instruments

- Be very comfortable with your instrument
- Know your music well; simplify if needed
- Maintain eye contact and be aware of responses of the children
- Accompaniment should be helpful and supportive without being the main thing

Vocal Range

- Low A (below middle C) up to high D (an octave and a half above)
- Make sure the vocal range is comfortable for singing

Hand Levels

- Moving the hand high and low to match the pitches of a melody

Repetitious Songs

- Echo, call and response, or repeating phrase
- Quickly learned

Improvising

- Use with simple songs for young children
- Allows lyrics to be modified to express the theme of your lesson
- Children contribute ideas

Composing

- Qualifications: true to scripture, helpful and meaningful to the children
- Strive for compatibility between words and music

9. How can kids take on leadership roles during the worship time?

- Reading scripture
- Leading hand motions and signing
- Playing instruments- rhythm instruments, drums, violins, etc.
- Holding up pictures or words for songs
- Changing transparencies on the overhead projector
- Singing up front with the worship leader – individually or as a worship team

10. What about multiple age groups meeting together in worship?

- Find songs that have a repeating phrase or echo
- Give older children leadership rolls
- Include movement opportunities for younger children
- Focus on ONE curriculum to organize your worship themes from week to week

11. A few final remarks about planning a leading

- Weave the worship time together with brief and reverent comments
- Be open to making changes in your plans as the Holy Spirit leads
- Pray for God to do His work and to meet you as you worship together

12. Mentoring young worship leaders

- Watch, Do, Evaluate, Share, Pray

13. Overhead transparencies and copyright issues

- Make sure they are readable and legal
- Church Copyright License (CCLI) site www.ccli.com
